Professional Summary

Experienced 3D Architectural Visualizer with 6.5 years of proven expertise in bringing architectural visions to life. Proficient in creating realistic and captivating visualizations, adept at collaborating with design teams to exceed client expectations. Skilled in the latest software tools and dedicated to continuous growth in the field.

Experience

3D Visualizer at Ashley GCC

Jan 2025 – Present | Bangalore, Karnataka.

Created photorealistic architectural interior visualizations featuring Ashley Furniture products. Integrated furniture accurately into residential layouts with proper scale, materials, and lighting. Delivered high-quality renders for marketing, catalog, and design presentations.

3D Visualizer at Zyeta Interiors Pvt Ltd

Oct 2023 – Jun 2024 | Bangalore, Karnataka.

Executed detailed 3D modeling, rendering, and animation tasks for complex architectural projects, working closely with design teams to ensure visuals accurately represented project goals and maintained consistency with client expectations.

3D Designer at ARCHJS Kuwait City

Dec 2020 – Oct 2023 | Bangalore, Karnataka.

Developed high-quality 3D visualizations, walkthroughs, and renderings for residential, commercial, and urban projects by collaborating with architects, designers, and project managers to translate architectural plans into immersive experiences, optimizing workflows and meeting tight deadlines.

3D Designer at JAWAHAR ASSOCIATES

Jun 2019 – Dec 2020 | Madurai, Tamilnadu.

Designed and rendered high-quality 3D visual content for architectural projects, transforming design concepts into compelling visuals that effectively communicated project intent and supported client decision-making processes.
